7074: Vulpes lagopus

Relevant synonyms	Vulpes lagopus is the correct latin name of the species, please change and use that in the final Bern reporting
Norwegian name	Fjellrev
Feature group	Mammals
Expert(s)	Nina E Eide
Date	2026-03-11

Alpine (ALP)

Occurrence status	Present regularly (PRE)	
Overall conclusion	🔴 **Unfavourable - bad (U2)**	➡️ **Stable**
Range	🔴 Unfavourable - bad (U2)	↗️ Improving
Population	🔴 Unfavourable - bad (U2)	↗️ Improving
Habitat for species	🟢 Favourable (FV)	↘️ Deteriorating
Future prospects	🟢 Favourable (FV)	

Arctic (ARC)

Occurrence status	Present regularly (PRE)	

- The species is actively present in the Arctic BGR too.

Overall conclusion	🔴 **Unfavourable - bad (U2)**	➡️ **Stable**
Range	🔴 Unfavourable - bad (U2)	↗️ Improving
Population	🔴 Unfavourable - bad (U2)	↗️ Improving
Habitat for species	🟢 Favourable (FV)	↘️ Deteriorating
Future prospects	🟢 Favourable (FV)	

Pressures

- PD06: Transmission of electricity and communications (cables) [ALP]
- PE01: Roads, paths, railroads and related infrastructure [ALP]
- PF05: Sports, tourism and leisure activities [ALP, ARC]
- PF06: Deposition and treatment of waste/rubbish from built-up areas [ALP, ARC]
- PG09: Management of fishing stocks and game [ALP, ARC]
- PI03: Problematic native species [ALP, ARC]
- PI04: Plant and animal diseases, pathogens and pests [ALP, ARC]
- PJ03: Changes in precipitation regimes due to climate change [ALP, ARC]
- PJ10: Change of habitat location, size, and / or quality due to climate change [ALP, ARC]
- PJ12: Decline or extinction of related species (e.g. food source / prey, predator / parasite, symbiote, etc.) due to climate change [ALP, ARC]
- PJ13: Change of species distribution (natural newcomers) due to climate change [ALP, ARC]

Conservation measures

- MF03: Reduce impact of outdoor sports, leisure and recreational activities (incl. restoration of habitats) [ALP]
- MI05: Management of problematic native species [ALP, ARC]
- MS01: Reinforce populations of species from the Resolution No. 6 (1998) [ALP, ARC]
- MS02: Reintroduce species from the Resolution No. 6 (1998) [ALP, ARC]
- MS03: Restoration of habitat of species from Resolution No. 6 (1998) [ALP]
- MS04: Manage native species (incl. species which are not protected by the Bern Convention / Resolution No. 6 (1998)) [ALP, ARC]
- MX01: Support conservation measures in another country. [ALP, ARC]
