D1.2: Blanket bogs

Feature group	Habitat types
Expert(s)	Anders Lyngstad
Date	2025-12-20

Alpine (ALP)

Occurrence status	Present regularly (PRE)	
Overall conclusion	🔴 **Unfavourable - bad (U2)**	↘️ **Deteriorating**
Range	🟢 Favourable (FV)	➡️ Stable
Area of habitat	🔴 Unfavourable - bad (U2)	↘️ Deteriorating
Structure and function	🔴 Unfavourable - bad (U2)	↘️ Deteriorating
Future prospects	🔴 Unfavourable - bad (U2)	

Atlantic (ATL)

Occurrence status	Present regularly (PRE)	
Overall conclusion	🔴 **Unfavourable - bad (U2)**	↘️ **Deteriorating**
Range	🟢 Favourable (FV)	➡️ Stable
Area of habitat	🔴 Unfavourable - bad (U2)	↘️ Deteriorating
Structure and function	🔴 Unfavourable - bad (U2)	↘️ Deteriorating
Future prospects	🔴 Unfavourable - bad (U2)	

Pressures

- PA22: Drainage for use as agricultural land [ALP, ATL]
- PB24: Drainage for forestry [ALP, ATL]
- PC05: Peat extraction [ALP, ATL]
- PD01: Wind, wave and tidal power (including infrastructure) [ALP, ATL]
- PE01: Roads, paths, railroads and related infrastructure [ALP, ATL]
- PF01: Conversion from other land uses to built-up areas [ALP, ATL]
- PF13: Drainage, land reclamation and conversion of wetlands, marshes, bogs, etc. for built-up areas [ALP, ATL]
- PI02: Other invasive alien species (other than species of Bern Convention concern) [ALP, ATL]
- PK04: Atmospheric N-deposition [ALP, ATL]

Conservation measures

- MC03: Adapt/manage renewable energy installation, facilities and operation (excl. hydropower and abstraction activities) [ALP, ATL]
- MC05: Adapt/manage fossil energy installation, facilities and operation [ALP, ATL]
- MC07: Habitat restoration/creation from resources, exploitation areas or areas damaged due to installation of renewable energy infrastructure [ALP, ATL]
- ME01: Reduce impact of transport operation and infrastructure [ALP, ATL]
- ME06: Habitat restoration of areas impacted by transport [ALP, ATL]
- MF01: Managing the impacts of converting land for construction and development of infrastructure [ALP, ATL]

- MF02: Habitat restoration of areas impacted by residential, commercial, industrial and recreational infrastructure, operations and activities [ALP, ATL]
- MF08: Manage changes in hydrological and coastal systems and regimes for construction and development (incl. restoration of habitats). [ALP, ATL]
- MI03: Management, control or eradication of other invasive alien species [ALP, ATL]
- MK01: Reduce impact of mixed source pollution [ALP, ATL]
